INTEGRATED MEP SERVICES

Northstar provides MEP contracting activities for complete Mechanical, Electrical and Plumbing (MEP) services for large and medium sized facilities covering diverse applications such as commercial, educational, industrial, residential, retail, hospitality, medical and government facilities. The company prides itself in its approach to getting the job done within the project time frame.

Whatever your project needs, NorthStar will ensure that it is delivered on time, within budget and to the highest standards.

WHAT MAKES NORTHSTAR DIFFERENT?

WE HAVE AN EYE FOR DETAIL, PROCESS THAT WILL IMPRESS AND PROVIDE A FINISHED PROJECT THAT WILL STAND THE TEST OF TIME.

We provide the client with what will be requiring in the future, while at the same time taking into consideration “cost over benefit” factors and applying an “engineered savings” approach which is so important in an era of efficiency and cost effectiveness.

Furthering its belief in the value of bringing the best and most innovative technology, systems and equipment to bear on every project, NORTHSTAR sees its qualified and reliable workforce as its greatest asset. We are highly experienced at delivering professional, comprehensive and innovative MEP solutions on turnkey basis.

YOU CAN RELY ON OUR PROVEN PRACTICES

- We effectively integrate detailed engineering activities for a specific project. We thoroughly understand the client's requirements by active participation in order to ensure timely and cost effective project execution.
- We coordinate with other consultants like Architects, Interior designers & landscape consultants.
- We assist clients to exercise value engineering to reduce costs without compromising on amenities / features of the project.
- We coordinate with the project management personnel on site regarding drawing deliverables, decision changes and addition/alteration in specifications for a smooth functioning of the project.
- We take responsibility of monitoring all our works as per the industry's best practices.
- We are responsible for safe working methodology of all our service installers.

High standards of material quality

Thorough and professional attention to detail

COMMITTED SERVICES OF OUTSTANDING QUALITY.
